

IMPACT PROTECTION. SPLASH RESISTANT.

SPECIFICATIONS

Lens Material	Polycarbonate
Frame Material	Soft Touch PVC
Headband	Elastic Fabric
Fitting Style	Wrap Around
Lens Colour	Clear

RECOMMENDED APPLICATIONS

- Grinding and Angle Grinding
- Dusty Environments
- Foundry Cleaning
- Laboratory
- Oil and Gas

CARE INSTRUCTIONS

Clean lens with running water and mild soap (pH neutral soap, pH of 6 to 8) with no waxes or fat (waxes, oils, and grease will deposit a film which could interfere with anti-fog properties). Rinse lens with clean water, shake off excess water, and let air dry.
Caution: Avoid soaking or excessively rubbing coated lens during the cleaning process.

PACKING DETAILS

Selling Unit	1 Piece
Inner Pack	12 Pieces
Outer Carton	200 Pieces
Carton Size	53CM x 39CM x 36CM
Volume	0.0744CBM
Gross Weight	12KG
